DIG it's First Block Garden Bed

By Denise Neath

Thank you to all the garden guys who built our first cement block garden bed today, February 19, 2022. It was a lot of work and it turned out really terrific. Cerbat Garden Club will grow lots of nice flowers for Hospice this growing session.

A huge thanks to **ABC Supply** who donated all the materials for this project! A special thanks to Jeremy at ABC who helped coordinate the donation and delivery and gave us lots of advice!
